Testimonials

**KARIN J.
BRIDE**

"Dave and his entire team really took our wedding to the next level (pun intended). They worked so hard to ensure everything looked amazing and that everyone, including our vendors, had all their equipment needs met.

Dave was so helpful, responsive, and accommodating throughout the entire process, and he even went out of his way to help us find a shuttle service for our wedding.

Our guests gave us many complements about the entire setup and our wedding truly looked magical. We can't recommend them enough!"

**HEATHER M.

"Amazing tent rental company! Their communication, professionalism, and attention to detail is unmatched. David is always easy to get in touch with and responsive in his communication.

They are prompt and on time for set up, respectful, and ensure that everything is done in accordance to the clients direction.

I can't say enough positive things about Next Level Tents!"

**MARY K.

"HIRE THIS COMPANY. After having a horrible experience with another rental company for my brother-in-laws wedding, I didn't know who to rent the tent, tables, and chairs from for my wedding. Luckily, I was introduced to Next Level Tents. As a bride on a budget, prices were reasonable.

The customer service was also wonderful from beginning to end. David was very communicative, answered all my questions, accommodated the last minute changes, and went above and beyond to even helping us put up our lights that we owned. The quality of the rentals were also great - my in laws kept remarking how nice and clean the tent and walls were. I highly recommend renting from Next Level Tents."
